Ok I can put that on the permit once it's issued. I will send this request to DOT permanent signs as well.

Looping Blair and Diana back in.

David, the plan is to close the original block (Broadway - Spring) **every Sunday**, and the 2nd block (Spring - Main) **only on the first Sunday of every month**. The first date that both blocks will be closed will be August 7th.

Walking the check over in the next hour.

Noah,

That will be fine. It will be the regular permit for both streets. They will be effective the same date. If you choose to open the second part later let me know a week before so I can release the temp signs to be posted.

OK. We are cutting the check now. I will hand deliver it in the next day or two. Once you have received the check, is there anything else? What type of permit will we have in hand to allow us to close the 2nd block between Main and Spring?

David,

I apologize if I misunderstood. Marlon told me to call him with payment directly. Please see attached for proof of payment from LAFD. Is this sufficient confirmation?

On the updated invoice, can you please adjust the billing address to the following:

Historic Core Business Improvement District Property Owners Association
209 West 5th Street
Los Angeles, CA 90013

We can cut and hand-deliver a check in the next few days, but is there any faster way to get payment processed like calling in with credit card information?

Thanks,

Noah

Noah,

I still need the payment. LAFD should not have been paid directly it should have gone thru our office. I need that ASAP so I can issue a permit. I will deduct that once confirmation is received. You should not be operating without a permit. I will be issuing the permit with the additional closure on it and when you're ready to open it then it will be ok.

Hi David and Marlon,

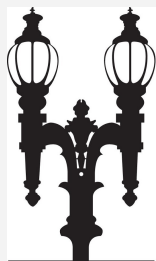

Thanks for all your assistance with our permit application.

Marlon, can you please provide the receipt for the phone payment made last week? You said it would come shortly after our conversation, but I have yet to receive one. Attached is the invoice on the BSS website showing no payments made. Please advise.

David, thanks for your assistance uploading our petitions and Hold Harmless to the site. As you mentioned, we received the notification regarding LAPD's request for a 30 day review. Understanding that we will not pay for the permanent signage until after that 30-day review, what else do you need right now for us to proceed with the planned August 7th closure of the 2nd block?

Thanks,

Noah
